a fresh compilation of essays and entries based on the latest research this work documents african american culture and political activism from the slavery era through the 20th century encyclopedia of african american history introduces readers to the significant people events sociopolitical movements and ideas that have shaped african american life from earliest contact between african peoples and europeans through the late 20th century this encyclopedia places the african american experience in the context of the entire african diaspora with entries organized in sections on african european contact and enslavement culture resistance and identity during enslavement political activism from the revolutionary war to southern emancipation political activism from reconstruction to the modern civil rights movement black nationalism and urbanization and pan africanism and contemporary black america based on the latest scholarship and engagingly written there is no better go to reference for exploring the history of african americans and their distinctive impact on american society politics business literature art food clothing music language and technology contributions from over 100 specialists on african america and the african diaspora a spectacular selection of illustrations and photographs such as a kongo cosmogram the african burial ground in new york city and maps of the triangular trade and the underground railroad

race slavery and ideology in colonial north america resistance and african american identity before the civil war war freedom and a nation reconsidered civilization race and the politics of uplift the making of the modern civil rights movement s the paradoxes of post civil rights america epilogue stony the road we trod

when newly liberated african american slaves attempted to enter the marketplace and exercise their rights as citizens of the united states in 1865 few if any americans expected that a century and a half later the class divide between black and white americans would be as wide as it is today the united states has faced several potential key turning points in the status of african americans over the course of its history yet at each of these points the prevailing understanding of african americans and their place in the economic and political fabric of the country was at best contested and resolved on the side of second class citizenship the oxford handbook of african american citizenship 1865 present seeks to answer the question of what the united states would look like today if at the end of the civil war freed slaves had been granted full political social and economic rights it does so by tracing the historical evolution of african american experiences from the dawn of reconstruction onward through the perspectives of sociology political science law economics education and psychology as a whole the book is the first systematic study of the gap between promise and performance of african americans since 1865 over the course of thirty four chapters written by some of the most eminent scholars of african american studies and across every major social discipline this handbook presents a full and powerful portrait of the particular hurdles faced by african americans and the distinctive contributions african americans have made to the development of u s institutions and culture as such it tracks where african americans have been in order to better illuminate the path ahead

between the end of the nineteenth century and the outbreak of world war 2 africans displaced by colonial rule created an african american myth a myth which aggrandized the life and attainments of african americans despite full knowledge of the discrimination to which they were subjected the myth provided africans in all parts of the continent with much needed succour and underpinned various religious educational political and social models based on the experience of african americans whereby africans sought to better their own lives

a compelling story of agency survival struggle and triumph over adversity this text illuminates the central place of african americans in u s history by telling the story of what it has meant to be black in america and how african american history is inseparably woven into the greater context of american history african americans draws on recent research to present black history within broad social cultural and political frameworks from africa to the 21st century this book follows the long turbulent journey of african americans the rich culture they have nurtured throughout their history

and the quest for freedom through which african americans have sought to counter oppression and racism this text also recognizes the diversity within the african american sphere providing coverage of class and gender and balancing the lives of ordinary men and women with accounts of black leaders note myhistorylab does not come automatically packaged with this text to purchase myhistorylab at no extra charge please visit myhistorylab com or use isbn 9780205090754

in this extraordinary selection of the writings speeches and reminiscences of african americans katz creates a chronicle that reflects the true experiences of a people often neglected or misrepresented in other histories contributors include harriet tubman frederick douglass sojourner truth nat turner martin luther king jr and many others 340 photos

an illustrated collection of essays on the history of african americans in their long history african americans have created a rich complex and highly diverse culture a history of the african american people makes available more than a generation of scholarship written by some of the most distinguished historians in america their work examines the social and communal institutions that have sustained african americans and strengthened their spiritual and cultural life specially commissioned photographs of artifacts reveal the richness of cultural traditions and hundreds of historic photographs and paintings enhance the work still further creating a magnificent illustrated history

an illustrated decade by decade collection of biological profiles of significant african americans from w e b dubois to tiger woods

the african american people is the first history of the african american people to take a global look at the role african americans have played in the world author molefi kete asante synthesizes the familiar tale of history s effect on the african people who found themselves forcibly part of the united states with a new look at how african americans in later generations impacted the rest of the world designed for a range of students studying african american history or african american studies the african american people takes the story from africa to the americas and follows the diaspora through the underground railroad to canada and on to europe asia and around the globe including over 50 images documenting african american lives the african american people presents the most detailed discussion of the african and african american diaspora to date giving student the foundation they need to broaden their conception of african american history

in 1001 short eminently readable essays jeffrey c stewart associate professor of history at george mason university takes us on a journey through five hundred years of african american history every important aspect is covered from the possible discovery of america by africans to the recent million man march 1001 things everyone should know about african american history is for anyone who wants to learn more about the significant but often overlooked role that african americans have played in american history within six broad sections great migrations civil rights and politics african americans in the military culture and religion invention science and medicine and sports dr stewart describes both the well known and the obscure from landmark supreme court decisions and the importance of african american midwives to marcus garvey s black star line and why granville t woods is known as the black edison accompanied by over 150 photos drawings posters etchings and other visual matter the book conveys the drama and scope that make african american history such an inspiring subject book jacket title summary field provided by blackwell north america inc all rights reserved

reviews the accomplishments courage and struggles of african americans over the past 500 years

this work charts the journey of african americans from their origins in the civilizations of africa through slavery in the western hemisphere to their struggle for freedom in the west indies latin america and the united states

the two volumes of kelley and lewis s to make our world anew integrate the work of eleven leading historians into the most up to date and comprehensive account available of african american history from the first africans brought as slaves into the americas right up to today s black filmmakers and politicians this first volume begins with the story of africa and its origins then presents an overview of the atlantic slave trade and the forced migration and enslavement of between ten and twenty million people it covers the haitian revolution which ended victoriously in 1804 with the birth of the first independent black nation in the new world and slave rebellions and resistance in the united states in the years leading up to the civil war there are vivid accounts of the civil war and reconstruction years the backlash of the notorious jim crow laws and mob lynchings and the founding of key black educational institutions such as howard university in washington d c here is a panoramic view of african american life rich in gripping first person accounts and short character sketches that invite readers to relive history as african americans have experienced it
